

Product Datasheet

Product code: 35A.SA.T.1

Product type: PTFE coated tweezers

Made in: Switzerland

Description: Type 35A high precision tweezers are suitable to applications which require holding a flat component firmly. The line serration provides the handles with extra grip. The PTFE (a material equivalent to Teflon®) coating provides the tweezers with chemical resistance properties suitable to acid and basic environments and for the cryogenic industry. The PTFE coating is used where low friction is required.

Tip description: straight, thin, squared, flat, superior finish

Coating/finishing: PTFE (T)

Body material: Anti-Magnetic Anti-Acid Stainless Steel (SA)
